SUMMARY

I am a dedicated and enthusiastic web developer with experience in using JavaScript and TypeScript programming language and frameworks such as React JS, Next JS, and Express JS. I have a strong interest in creating responsive, efficient, and user-friendly web applications. With a solid background in both front-end and back-end development, I am committed to continuous learning and growth in the technology industry.

EDUCATION

Bachelor of Software Engineering

Sep 2021 - Jul 2025

Telkom University

GPA: 3.96

EXPERIENCE

Mentor Fullstack Developer, Sekolah Developer Indonesia

Aug 2025 - Present

Fulltime

- Mentored students in building web applications using React.js, Next.js, Express.js, and MySQL, from system design to real-world project implementation.
- Developed structured, hands-on learning materials based on real case studies to strengthen fullstack understanding and improve industry readiness

Web Programmer, Eduwork

Sep 2024 - Dec 2024

Internship

- Developed Eduwork main homepage, bootcamp page, and job recruitment page.
- Actively participated in daily scrum meetings, enhancing communication skills in a professional work environment.

Fullstack Javascript Developer, Sanber Foundation

Feb 2024 - Jun 2024

MSIB 6

- Completed a comprehensive program focused on React.js, Node.js, Express.js, and MySQL, applying skills through real-world projects.
- Built SIMABA, a web application for managing new student admissions at Banten Jaya University, including online selection tests and applicant data management. Collaborated in a team and demonstrated strong communication and teamwork skills.

Front-End Engineer ReactJS, Alterra Academy

Aug 2023 - Dec 2023

MSIB 5

- Completed an intensive program focused on React.js and modern front-end technologies, gaining hands-on experience in building dynamic web applications.
- Led the front-end team in the final project "Raih Peduli", a donation management platform, collaborating closely with UI/UX designers, back-end developers, QA testers, and mobile developers.

PROJECTS

Telkom University Public Relations Service System

<https://www.humas-tup.cloud/>

ReactJS, ExpressJS, MySQL

Web application developed for the Public Relations service system at Telkom University, which includes 5 types of services such as Event Coverage Service, Equipment and Inventory Loan Service, News Publication Service, Partnership Service, and Template Download Service.

About Movies

<https://about-movies-tan.vercel.app/>

ReactJS, Firebase

Web application that offers detailed information about films and uses AI (Artificial Intelligence) to recommend movies based on user preferences. The platform features comprehensive movie details and an intelligent recommendation system that helps users discover films suited to their tastes.

SIMABA

<https://github.com/SIMABASANBER>

ReactJS, ExpressJS, MySQL

Web application developed to streamline the student admissions process at Banten Jaya University, enabling online selection tests and centralizing test creation, student data management, and candidate evaluation.

Raih Peduli

<https://github.com/irwanadinata/react-raih-peduli>

ReactJS

Donation collection application that facilitates the creation, management, and tracking of charitable campaigns. The project involved collaboration with UI/UX designers, front-end developer, backend developers, QA testers, and mobile developers to ensure a cohesive and functional user experience.

TALazada

<https://talazada.vercel.app/dashboard>

ReactJS

Web application that provides a complete online shopping experience, including product browsing, cart updates, checkout, payments, and coupon-based discounts.

Quiz App

<https://quiz-app-delta-tan.vercel.app/>

ReactJS

Web application developed to provide an interactive quiz experience by integrating real-time trivia questions from the Open Trivia Database (OpenTDB)

SKILLS

Hard Skill: HTML, CSS, JavaScript, TypeScript, React JS, Next JS, Node JS, Express JS, MySQL, Git

Soft Skill: Communication, Teamwork, Problem-Solving, Time Management, Critical Thinking

AWARDS

TOP 150 INNOVILAGE 2022, PT Telkom Indonesia

Received funding for STAR-PAK, a goat sales app improving inventory and market access for Cikakak farmers.

3rd Place Rector Digital Awards 2022, Telkom University

Won 3rd place for a digital innovation project with strong social and technical impact.
